Escalation Lead

WORK EXPERIENCE

Jun 2025 — Present

Escalation Lead, Woodenstreet Furnitures | Bangalore

- Strategic Escalation Governance: Spearheaded the resolution of high-stakes CEO, founder, and social media escalations, consistently maintaining a <24-hour resolution rate and protecting brand equity.
- Operational Synergy: Acted as the central liaison between Logistics, Warehouse, and Customer Support teams to resolve systemic bottlenecks, reducing overall transit-related complaints by 15%.
- Data-Driven Process Improvement: Leveraged Root Cause Analysis (RCA) to identify recurring service gaps, leading to the implementation of 3 new SOPs that decreased repeat escalations by 20%.
- Legal & Compliance Oversight: Managed Consumer Forum cases and legal notices, collaborating with the legal team to ensure 100% compliance and favorable case closures.
- Customer Retention & Recovery: Developed personalized service recovery strategies that successfully turned dissatisfied high-value clients into brand advocates, improving the company's online sentiment score.

Mar 2024 — May 2025

Subject Matter Expert , Woodenstreet | Bangalore

- Process Optimization: Developed and implemented standardized SOPs for escalation handling, resulting in a 20% reduction in average resolution time (TAT) for high-priority cases.
- Knowledge Management: Curated a comprehensive internal knowledge base and troubleshooting guides to streamline cross-functional workflows between logistics and customer support.
- Quality Assurance: Conducted regular audits of escalation responses to ensure compliance with company standards and legal requirements for consumer forum cases.
- Strategic Advisory: Acted as a consultant for senior leadership on recurring product and service gaps, providing data-driven insights from Root Cause Analysis (RCA) to influence product roadmaps.

Dec 2021 — Feb 2024

Senior Customer Care Executive, Ienergizer IT Services Pvt Ltd – Furlenco | Bangalore

- High-Level Escalation Management: Resolved complex grievances related to furniture quality, delayed deliveries, and botched installations, maintaining a focus on rapid turnaround time (TAT).
- Cross-Functional Coordination: Partnered with warehouse, last-mile logistics, and field service teams to troubleshoot and fix delivery discrepancies, ensuring a seamless customer onboarding experience.
- Subscription Management: Managed the end-to-end lifecycle of rental subscriptions, including handling damage claims, security deposit refunds, and product swap requests.
- KPI Excellence: Consistently met and exceeded core metrics, including First Call Resolution (FCR) and CSAT (Customer Satisfaction), by providing empathetic and data-backed solutions.

- Multitasking:
- Leadership:
- Quality assurance:

- Retention Strategy: Successfully retained 15% of customers who initiated cancellation requests by offering personalized service recovery options and resolving underlying service issues.
- Critical Case Oversight: Served as the dedicated point of contact for "high-value" and "critical" accounts, ensuring 100% resolution for cases flagged by senior management.
- Process Feedback: Identified recurring gaps in the installation process and provided feedback to the operations team, leading to a noticeable reduction in "Damaged on Arrival" (DOA) reports.
- Multi-Channel Support: Managed high-volume customer interactions across voice, email, and chat, ensuring consistent brand voice and professional communication.

Oct 2019 — Feb 2021

**Customer Care Associate, Solartis Technology Services Pvt Ltd |
Madurai**

- Managed high-volume phone and email queues, consistently exceeding the daily target for First Call Resolution (FCR) by 15%.
- Managed end-to-end inquiries for US policyholders, providing detailed explanations of coverage limits, deductibles, and policy exclusions for Seneca insurance products.
- Facilitated the initial intake of insurance claims, ensuring all required documentation was accurately collected and routed to the claims adjusters to minimize processing delays.
- Maintained 100% adherence to HIPAA and US data privacy standards while handling sensitive customer information and financial records.
- Assisted clients in navigating the online policy portal, resolving login issues and troubleshooting billing discrepancies to ensure a seamless digital experience.

EDUCATION

Jan 2014 - Dec 2018

**B.E. in Computer Science & Engineering, SRM Easwari Engineering
College | Chennai**

- Graduated with 7 CGPA with various certifications

Jan 1997 - May 2014

**Secondary school, Mahatma Montessori Matriculation Higher
secondary school | Madurai**

- Bio Maths with cutoff above 79 %

OPERATIONAL EXCELLENCE & EFFICIENCY

-
Utilization & Productivity Optimization: Introduced and monitored workforce utilization metrics, achieving a 94% efficiency rate (against an 80% target) through data-driven performance tracking.

-
IVR Implementation: Spearheaded the launch of an IVR system for basic customer queries, achieving a 40% reduction in inbound call volume (from 450 to 300 daily calls) and improving service scalability.

-
Manual Process Elimination: Optimized team resources by migrating manual calling processes to structured email-based communication, reducing required manpower by 50% (from 10 to 5 FTEs).

-
SOP Development: Authored and implemented comprehensive Standard Operating Procedures (SOPs) for retail and distribution teams, ensuring process consistency across multi-layer operations.

Redesigned customer questionnaires and optimized survey distribution strategies. This initiative increased customer retention and reorder rates from 39% to 68%.
